

TRACKER

TRACK YOUR IMPACTS WITH REAL-TIME REPLAY

If a picture is worth a thousand words, imagine the value of having video footage of any critical impact within your operations. With Hyster Tracker's impact camera, you'll have peace of mind knowing that everything is captured on film upon impact if an accident occurs. Giving you a clear, distinguishable picture of the events just prior to and afterwards. Hyster Tracker provides you with the Who, the When and the Where...now you get to see the What.

Increase operator accountability

Enable impact validation

Identify shrinkage issues & product damage
